

BOHEMIAN WORKS

**Bohemian Works - where passion meets experience**

We have two passions - wood and quality. Our philosophy is to combine high level craftsmanship and innovative design to bring our clients a unique experience with no compromises. In the heart of Europe, we strive to achieve perfection and to show the beauty of wood using premium quality Moravian oak.

## Respecting the past and looking into the future

While respecting and looking up to the handicraft of the past, we still love to give our floors an authentic twist using modern techniques and materials to create new traditions.

Using a unique patina to give our floors an antique look, in numerous shades and finishes, we offer a wide range of floors suited to all interiors - from simple and modern apartments to castles and chateaus.

### **Nature as inspiration**

When creating a new shade we always turn to nature for inspiration. We offer a range of more than 300 shades, from Dover cliffs bleached white to ebony black. We love enhancing the natural colour of wood using different treatments and top quality oil sand waxes while respecting wood's own character.

### **Last but not least:**

We would like to thank all our clients and partners for helping us to grow, develop and discover beauty every day.
