

The Moravia Collection Tables

The Moravia Collection Tables are designed by upcoming Interior Designers. All our tables are made-to-measure, based upon your specific requirements.

The collection is made from a selection of premium quality Moravian and French Oak which has been mechanically matured. The tannic acid present in the oak has been activated in a natural way giving the tables their unique appearance.

Made from a selection of premium quality Moravian and French Oak, available in standard sizes or can be custom made to your specific requirements.

The Moravia Collection Projects

Includes libraries, horeca & retail interiors, wall panelling using oak or reclaimed wood, kitchens, doors and radiator covers.

Nero Collection: *Bohemian Works & Tina Mavriki*

The cooperation with Tina Mavriki, a Greek designer based in Athens, has resulted in the creation of the Nero Collection a line of furniture that emphasizes purity and clarity in its design. It consists of dining, coffee tables, glass vitrine and wood buffets.

Nero Collection is inspired by the simplicity of Greek forms and materials. It combines frugality of design and timeless elegance. Aged wood, raw iron and glass are basic elements of the collection, produced by traditional craftsmanship of Bohemian Works.
