PROJECTS

PROJECTS

DuChâteau Floors reflect creative passions, insightful designs and an innate appreciation for nature. By combining old world craftsmanship with luxurious modern design, our floors hold a timeless character that complement any design space. As part of our commitment to developing hard-wax oil hardwood floors, we continually seek out the latest advances in design styling and technology to make a floor that inspires as much as it endures. The longevity and artistry of our floors not only cement our place within the flooring industry, but also keep us firmly at the forefront of the design industry.

Please enjoy this collection of residential and commercial interior design projects, which proudly feature our floors.
