# About The Cosmopolitan Collection

An obvious collection for creating enchanting variations on a theme. Classic and elegant patterns creating a historical ambiance and a remarkable interior.

The collection is divided into style families which makes the collection highly suitable for bringing together even very comprehensive design schemes.

Classic and sophisticated details, beautiful floral decorations and embroideries, classic arabesque ornaments with a modern touch, majestic banqueting and adventurous, multicultural designs from distant skies, matching borders, runners and panels – all can be beautifully combined in complex buildings without compromising on neither the colour theme nor the unique style chosen for the space.

# Classic Chateau

Beautiful stucco cuttings  
and sophisticated details  
fill the soul with classical  
melancholy and leave behind  
the historical glory of the  
great emperor.
