Wood Accessories and Tools

Since decades Borma Wachs products are in the wood-care and synthetic surface treatment industry, with sense of responsibility and constant commitment. Our focus is always on reliability, flexibility and quality, necessary requirements that define our company profile, as the safety and the marketability of our products. As specialists of professional wood and synthetic surfaces cosmesis, we offer to our customers the best quality.

#### IBR

Borma Wachs products are tested and approved by IBR, Institut für Baubiologie in Rosenheim. The performed analysis certify that our products are complying in terms of VOC content, biocides, heavy metals, and radioactivity, guaranteeing full eco-compatibility with Green Building principles. Borma Wachs has always tried to understand the needs and the sensibility of customers, asking for eco-sustainable treatments, deriving from renewable sources of raw materials, aiming to minimize impact on environment and on the health of people.

#### EN71-III

Eurofins danish laboratories have recognized the conformity of Borma Wachs oils to EN 71-III norm, for the migration of harmful heavy metals, guaranteeing the safety of the treatments in such a way that they can also be safe for use on children's toys.

#### VOC FREE

All Borma Wachs products respect European norm for solvent vapor emissions in the atmosphere, in total respect for human health and environment. With the new ECO PREMIUM – VOC FREE line we are able to offer a new range without compromises, with 100% natural products and biodegradable, with a VOC content equal to zero.

Since always specialized in wood cosmetics, we offer colour sample service for all touch-up materials, already counting among our customers a number of leading companies. Following also the newest trends in the modern furniture market, we implemented in our line the two following colour assortments.

Als Unternehmen, das schon immer auf die Verschönerung von Holz spezialisiert ist und viele der bedeutendsten Firmen zu seinen Kunden zählt, bieten wir auf Anfrage die Möglichkeit, ein Muster für das gesamte nachzubessernde Material zu erstellen. Um außerdem dem Trend im Sektor der modernen Möbel entgegenzukommen, haben wir unsere Angebotspalette um die beiden nachfolgenden Farbsortimente erweitert.

Depuis toujours spécialisés dans le traitement du bois, nous offrons sur demande le service à échantillon pour tout le matériel de retouche, comptant parmi nos clients de nombreuses entreprises de grande importance. En outre, pour suivre les tendances de l'industrie du meuble, nous avons voulu élargir notre gamme avec les deux assortiments de couleur ci-dessous.

Desde siempre especializados en la cosmética para la madera, ofrecemos bajo solicitud el servicio de muestras para todo el material de retoque, pudiendo contar entre nuestros distinguidos clientes con numerosas empresas de gran prestigio. Siguiendo las tendencias del sector del mueble moderno, hemos querido implementar nuestra gama con dos gamas de colores.

Мы многие годы занимаемся производством материалов для реставрации мебели и экологически чистой отделки изделий из древесины и можем гордиться наличием среди наших клиентов многих известных компаний. По заявке мы предоставляем образцы всех реставрационных материалов. Кроме того, с учетом тенденций в отрасли современной мебели мы дополнили цветовую гамму наших товаров двумя ассортиментными цветами.
