FLOORING COLLECTIONS

## Luxury Parquetry at its Finest.

A renewed renaissance of time-honored artistry and modern performance, DuChâteau offers two stunning collections of luxury parquetry — The New Classics Collection™ and The Palais Collection™ — available in many of the DuChâteau Hardwood Flooring options seen here.

To learn more, see the reverse side for our exclusive line of custom-order parquet floors.

## Born out of a passion for artful design and a deep appreciation for nature

DuChâteau® proudly presents nine breathtaking collections of its exceptional hard-wax oiled, wide-plank hardwood floors. Offering the same sensory experience and longevity of old-world European surfaces, each engineered hardwood floor is an exploration of nature, art and ingenuity in design and sustainability.

The skillful pairing of traditional woodworking techniques and modern state-of-the-art technology, DuChâteau hardwoods represent the very best in luxury flooring for commercial and residential spaces. Design sensibilities peak with our signature surface treatments, rich color palette, and proprietary hard-wax oil – the very same finish that brought DuChâteau so much attention early on within the architectural and design community.

Known for their remarkable beauty and highly durable matte finish, DuChâteau's Hardwood Collections continue to lead the way for a design-conscious lifestyle unlike any other.

### Sustainability

DuChâteau believes our future is built on preserving our environment for generations to come. To this end, DuChâteau® hardwood flooring\* is certified to the Forest Stewardship Council® Chain of Custody Standard (FSC®), Lacey Act Compliant, a partner of Global Relief, and a member of the U.S. Green Building Council with its floors qualifying for LEED® credits.

\*excludes American Walnut

### Environmentally Safe

All DuChâteau® Hardwood Flooring is CARB-Phase 2 compliant, using only formaldehyde-free adhesives with independent lab tests for all floor types. Rest assured, DuChâteau always puts our customers' safety and the environment first.

**Aged Character**  
Our aged character grade wood highlights the natural free-forming grain patterns, knots and cracks reminiscent of an old world floor, and presents a greater degree of tonal and textural variation.

**Select Grade**  
Our select grade wood keeps to a smooth, even modern surface without heavy distressing. This floor grade offers greater uniformity in the wood's grain and minimizes variation between planks.

Mouldings

Available in 96-inch lengths, all DuChâteau mouldings are color-matched to each floor for elegant transitions that only DuChâteau can achieve. All mouldings go through the same color treatments as flooring and will have the same inherent color variations.

Please note we do not recommend Heritage Timber Collection floors for parquetry due to its split-face distressing. Please allow 6 to 8 weeks

lead time for parquet floor; some floors require as much as 12 to 14 weeks to produce. See your local sales representative for more details.

## Hard-Wax Oil Finish

Each floor comes prefinished from the factory with non-toxic hard-wax oil for an exceptionally protective matte finish. A traditional European finish, hard-wax oil is made from all-natural ingredients, such as linseed oil, tung oil, sunflower oil, jojoba oil, beeswax, carnauba wax, candelilla wax, resins and colloidal clay.

By combining the oils' wood preserving qualities with the moisture repelling nature of the waxes, hard-wax oil offers a high level of durability, while still maintaining the true look and feel of the wood.

## Wide-Plank

DuChâteau hardwood floors begin with a minimum 7-7/16 inches, though custom sizes are available. Please see your local sales representative for more information.

## Engineered Construction

DuChâteau floors feature a three-ply, cross-cut construction that not only improves floor stability and overall performance, but more efficiently uses the slow growth species where it matters most – on the surface of the wood. Below, at the substrate level, fast growth species are utilized for a lower ecological impact.

## Surface Treatments

To give each collection its own story, each floor receives its own unique surface treatments, which accent the texture and graining of the wood. Distressing, smoking, wire-brushing, hand-sculpting and carbonizing are just a few of the many processes our floors undergo to transform a hardwood floor into a luxury design statement.

## Variation

Integral to the allure of DuChâteau flooring is the tonal and textural variation in each floor. No two floors are the same. The production methods employed ensure customers receive a floor that is a work of art and innovation.

\*\*These products are available as specialty items and are crafted per order. Please contact us for more details.

\*\*\*Random length starter boards included. Specification excludes American Walnut; please see website or catalog for exact specifications.

## Product Variation Disclaimer

Created to be a one-of-a-kind piece of nature's artistry, each and every Duchâteau® wood product carries distinct variations in finish, patina, texture, grain and overall character that create the unique diversity and natural elegance of our flooring. It is virtually impossible to capture – in a small image – the entire range of color variation and character that will be present in the flooring you will receive. To better understand the unique look of a DuChâteau finished floor in your space, we recommend consulting your sales representative for more details.

## Installation and Performance Disclaimer

Environmental conditions, such as exposure to light, and fluctuations in temperature and humidity, will greatly affect product performance from initial installation throughout its life. Refer to our website for installation guidelines or see your local sales representative for more information on proper steps and specific environmental conditions to successfully install, care for and ensure the lifelong performance of your floor.

## Premium Floor Cleaner & Protectant

For the regular upkeep of your oiled DuChâteau wood floors, our specially formulated Premium Floor Cleaner & Protectant promises you a thoroughly clean and nurtured floor.

Coverage: 1 bottle/4000 sf.

## Maintenance Oil Clear NEW VOC-Free

To keep a lasting, hardy brilliance in the finish of your hard-wax oiled floors, periodic application of our newly reformulated VOC-Free Maintenance Oil - Clear will rejuvenate the surface oil coat of your floor.

Coverage: 1 can/750 sf.
