profilpas design

Profili di design per una casa moderna: una casa dal design contemporaneo richiede anche finiture in linea con il tipo di arredamento scelto. Profilpas ha realizzato una serie di profili dedicati al mondo degli Arredatori di Design e dell'Architettura, adatti ad essere utilizzati in tutte quelle situazioni dove il design è di casa! Una gamma completa di profili di design che comprende prodotti diversi: profili per pavimenti, profili per angoli interni ed esterni, listelli decorativi e battiscopa. Si aprono nuove possibilità negli accostamenti cromatici, nella creazione di ambienti e nella decorazione dei moderni rivestimenti in ceramica. La linea infatti è caratterizzata da colori e finiture che permettono un'ampia scelta di accostamenti sulla base delle ultime tendenze del moderno design.

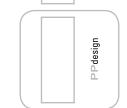

Design profiles for a modern house: a house with a contemporary design also requires finishes in line with the type of chosen furniture. Profilpas has created a series of profiles dedicated to the world of Interior Designers and Architecture, suitable for those spaces where design is predominant! A full range of design profiles including different products: profiles for floors, profiles for internal and external corners, decorative listellos and skirting boards. This line opens up the possibility of creating original chromatic combinations, new spaces and decorations for modern tile coverings. Indeed, it is characterized by colours and finishes that allow to choose between a wide selection of combinations on the basis of the latest trends of modern design.

C design profili - profiles

Il tocco finale in un ambiente di classe. C-Design è una linea innovativa di profili decorativi per rivestimenti di alta gamma, impreziosita dalla luminosità e lucentezza dei cristalli Swarovski®. E' adatta a chi cerca un tocco di eleganza e raffinatezza. L'abbinamento tra il profilo cromato o dorato 24K ed il cristallo esalta la luminosità delle linee e contribuisce a valorizzare e rendere elegante qualsiasi ambiente, definendone i volumi e le geometrie. La linea C-Design si rivela una scelta di classe non solo nelle abitazioni private, ma anche in caso di strutture ricettive di lusso, quali hotel, ristoranti e navi.

I profili sono disponibili anche nelle versioni in ottone cromato e dorato 24K senza cristalli, per una resa più essenziale, ma sempre raffinata.

The final touch in a classy space. C-Design is an innovative line of high quality decorative profiles for tile coverings, embellished with crystals from Swarovski®. It is suitable for those who look for a touch of elegance and refinement. The combination of the chromium-plated or 24K gold-plated profile and crystals enhances the brightness of the lines and contributes to give value to any space by defining its volume and geometry. C-Design is a classy choice not only for private houses, but also for luxury accommodation facilities, such as hotels, restaurants and ships. The profiles are also available in chromium-plated or 24K gold-plated brass without crystals, for a more essential but at the same time refined final result.

TREND COLOR profili - profiles

Dedicati al mondo del Design. Trend Color Stone è una linea di profili per angoli esterni dedicati al mondo del Design e dell'Architettura, caratterizzati da una speciale verniciatura con colori in linea con le più recenti tendenze dell'interior design. Trend Color Stone è una linea di profili in alluminio verniciato con finiture dai toni neutri, ma allo stesso tempo caldi, che ricordano le nuance della terra e delle terrecotte, e che riproducono i colori, l'essenza e l'eterogeneità della pietra, grazie ad un effetto ruvido, piacevole e realistico al tatto. Dodici finiture per pavimenti e rivestimenti in linea con i Trend della ceramica, dal design attuale e contemporaneo, che dal beige si spingono verso la sabbia, il bronzo e la ruggine, che ben si inseriscono in contesti abitativi dominati dalla presenza di ceramiche effetto pietra.

Dedicated to the world of Design. Trend Color Stone is a line of external corners profiles dedicated to the world of Design and Architecture, characterized by a special coating and colours in line with the most recent trends of interior design. Trend Color Stone is a line of colour-coated aluminium profiles with neutral and, at the same time, warm tones, that remind of the shades of earth and terracotta, and reproduce the colours, the essence and the heterogeneity of stone thanks to a rough texture pleasing to the touch. Twelve new finishes for coverings in line with the Trends of ceramics, with a modern design and with colours that go from beige to sand, bronze and rust and are perfect in those contexts with stone-effect tile coverings.
