## YOUR BENEFITS

### › 1. Comfortable

Parquet floors make for a warm and comfortable atmosphere and feel particularly good when walking barefoot.

### › 2. Healthy living

Good air is vital! Our parquet floors are manufactured from healthy materials and promote well-being in your living environment. Breath deeply!

### › 3. Ecological

Wood is a renewable resource. Sustainable forestry ensures that the wood used in manufacturing is replaced and replanted.

### › 4. Durable

Parquet is a durable floor covering. If taken good care of, parquet can last for generations and even become more beautiful over time.

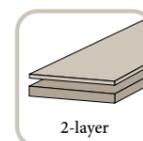

product  
best of best

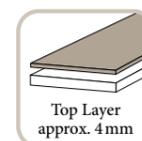

A floor in complete harmony – the new Flow Edition has the best of both worlds. Inspired by cast floors but possessing all the qualities of real wooden floors, Bauwerk's Flow Edition displays an industrial character that nevertheless conveys a feeling of warmth. Pioneering reduction, seamless tranquillity. Unobtrusive yet confident emphasis on space and surface. Anything is possible – panta rhei.

*Flow Edition – Everything flows*
